

Azhaan Shaikh

SaaS & Product Designer | AI-Driven UX & Interaction Design | HCI

azhaanshaikh2005@gmail.com | +919834046793 | Pune, MH | LinkedIn | Portfolio

SUMMARY

SaaS Product Designer specializing in AI-driven product design, human-AI interaction, automation systems, and intelligent interfaces. Designs scalable solutions that convert, are fast, intuitive, and future-facing. Works across Product teams for interaction, AI facing UX, Systems Thinking, and Product Management, blending research, system architecture, and rapid prototyping to create technically strong and visually sharp products. Focuses on turning complex AI technologies into usable, high-impact tools.

EXPERIENCE

Founder & Lead Product Designer

Oct 2025 – Present

DevKnight

- Building an AI-driven product studio focused on intelligent systems and UX tools.
- Leading user-centric design and co-development of agent-based products integrating workflow automation and MCP.
- Successfully managed a clientele of 15+ from 3 countries within 2 months of operations.

Creative Designer

Oct 2025 – April 2026

Seetusk Creative Agency

- Built and led the brand identity from the ground up, defining its visual and strategic direction.
- Developed the company website, increasing lead generation by 40% through UX-focused redesign.
- Directed end-to-end design execution across digital, product, and campaign touchpoints.

Founding Designer

Jun 2023 – Dec 2024

GINX Clothing

- Designed and developed the brand identity, merging street culture with minimal modern aesthetics.
- Directed product visuals, campaigns, and e-commerce design to establish a cohesive streetwear presence.
- Built the digital and social design language, driving brand recognition and early customer traction.

Creative Design Intern

May 2023 – Aug 2023

Lemon Design

- Contributed to visual language and collaterals for multiple brands.
- Created social media content for The Humane Collective (sub-brand).
- Produced motion graphics for brand work showcases.
- Contributed to designing brand websites.
